Dear Mr. Weisberg,

I have just acquired a price list for your previous books. I'm delighted to find that they are still available. As a student of the assassination of John F. kennedy I have found your work invaluable. I first became aware of your work after reading Posner's "Case Closed". Your rebuttal was superb. I have since read "Selection's From Whitewash" and "Never Again". Please send me a copy of the following books: "Post Mortem: JFK Assassination Coverup Smashed", and "Oswald In New Orleans: Case of Conspiracy with the CIA". I have enclosed a check for $39.50. In closing, I would like to say sir that you have waged a fair and honorable fight for the truth and your record has stood the test of time. I am honored to have your books on the shelves of my library. I hope you are well and I thank you very much.

Sincerely Yours,

Guy D. Courts
